Naključljiva knjiga s nama. System for growth and development of children in preschool age reading centre is integrated approach, with the main focus on the 1st group of years. It is fully based on the "classical" pedagogical approach, but it is also supplemented with a comprehensive method of children's drawing, creative and creative thinking. Introducing rules of learning to enhance the cognitive level of children The peculiarity of the method is the fact that it is based not only on the facts about the teacher's and pupils' learning process, but primarily on an idea of their own development. Classes divided into three age groups:5 years old, 6-7 years old and 8-9 years old. Man and Machine. Personalised programme material that will make the learning process more interesting and fun for children. The book is so well-illustrated that it looks like it was drawn by the author himself. That's why pupils have to make their own story - it will be illustrated by the pupil. This book will be a perfect example of a formative approach to teaching reading.
