Unlimited conversion of MSG files: SoftSpire MSG to PST Converter allows you to convert up to 1 GB of MSG files to Outlook format. You can select the number of files and size to be converted at a single go. Introduction: This small utility for the conversion of Microsoft Outlook MSG files to Outlook PST files is a must have application for all the Outlook users. It doesn't matter what the type of the files you work with is. If you are a MS Exchange user, then you would be able to transfer files of any kind to and fro. If you are an Outlook user, then you can use it to transfer your files from MS Exchange server. The software is an extension to the basic functionality of Microsoft Exchange. It is a multi-threaded application and provides the support for the conversion of the entire archive MSG files of any size. However it doesn't takes much memory and it can be run even on the computer with low RAM. Advantages of using this tool: If you are trying to send the message in Outlook 2000, then it is very likely that you might encounter some issues. The reason is that the servers might have some limitations in the way they send the files. You can take advantage of the core functionality of this tool to convert the MSG files of Outlook 2003/2007/2010/2013 version to the PST format. The tool can also be used to convert the PST files to MSG format. There is no need to buy Microsoft Exchange Server if you have the ability to transfer the MSG files without MS Exchange Server, you can use this tool and it will help you in the conversion
